

KING AIR 350i

Beechcraft
TEXTRON AVIATION

YOUR BUSINESS HEAVY LIFTER

The Beechcraft® King Air® 350i aircraft is the world's most popular business turboprop. Its track record of success and reputation for building companies remains strong after fifty years of continuous innovation. True to its iconic name, the King Air 350i rules the skies with legendary performance that includes more payload, greater range, a quieter interior with Wi-Fi capabilities and Rockwell Collins™ Pro Line Fusion™ avionics with full touch-screen simplicity.

Maximum Range
1,806 nm

Maximum Cruise Speed
312 kts

Maximum Occupants
9

Useful Load
5,145 lb

Takeoff Field Length
3,300 ft

ADVANCED FROM THE INSIDE OUT

HIGH-PERFORMANCE PROPELLERS

Constant-speed, fully reversing propellers deliver excellent runway performance and durability.

WEATHER TRACKING

MultiScan weather radar features turbulence detection technology. De-ice system and fast windscreen wipers enable flight in various weather conditions.

RUGGED LANDING GEAR

Proven on rough airstrips worldwide, King Air landing gear lets you take off and land on short, unpaved runways.

TOUCH-SCREEN AVIONICS

The latest NextGen-ready Rockwell Collins Pro Line Fusion avionics feature full touch screens for simple in-flight navigation.

SOUNDPROOF TECHNOLOGY

Conversations come easy thanks to generous soundproofing and smart noise-cancellation technology.

CABIN AMENITIES

Executive seating, fold-out tables and power outlets make this cabin both an ideal mobile boardroom and family room.

IN-FLIGHT COMFORT

Square-oval fuselage features more shoulder room and large windows with electronic shades. Electric-flush lavatory provides comfort en route.

GENEROUS STORAGE

Standard wing lockers and a large internal baggage space provide a wide range of loading options.

PROVEN IN SPECIAL MISSIONS

The King Air 350i is counted on globally for critical missions such as surveillance, maritime patrol, flight inspection and air ambulance.

60 MILLION FLIGHT HOURS

King Airs have flown in some of the harshest conditions on earth.

TWIN TURBINE POWER

Twin 1,050-horsepower Pratt & Whitney Canada PT6A engines deliver reliable performance and low operating costs.

DE-ICING SYSTEM

Standard brake de-icing gives you the flexibility to operate while your competitors are frozen.

AIRSTAIR DOOR

Step up your cabin experience with a strong airstair door. Support cables disconnect without tools, allowing you to load large cargo with ease.

QUIET COMFORT AND PRODUCTIVITY

The spacious King Air 350i cabin, with standard seating for up to nine passengers, offers added head and shoulder room throughout. New acoustic technologies create the quietest turboprop experience available. Work and relax in double-club leather seats while staying connected with unmatched Wi-Fi capabilities.

Wi-Fi capabilities

Optional aft vanity

A NEW CLASS OF AMENITIES

When it comes to comfort, the King Air 350i cabin is far more capable than lesser single-engine turboprops and some aircraft costing millions more.

Managing pleasure and productivity in flight is easy with a wide range of cabin amenities, including pull-out work tables, a built-in refreshment center, electronically dimmable windows, power outlets, a private aft lavatory and optional vanity cabinets.

CONFIDENCE OF SIMPLICITY

Pro Line Fusion is an intuitive touch-screen flight deck that simplifies how we aviate, navigate and communicate. Featuring standard synthetic vision and enhanced situational awareness, there is no need to fly through FMS menus. It's where the power of simplicity meets cutting-edge performance, durability and reliability.

QUICK TO CONFIGURE

The new Pro Line Fusion interface simplifies the setup of flight displays. Flight information is quickly organized with fingertip touches and swipes.

ENHANCED FLIGHT PLANNING

Enjoy direct access to critical information such as waypoints, routing, weather and all flight planning tools. Pro Line Fusion allows for heads-up flying rather than searching through menus and pages of flight data.

STANDARD FEATURES

- Rockwell Collins Pro Line Fusion avionics suite
 - Three 14-inch touch-screen displays
 - Synthetic vision system (SVS)
 - Graphical flight planning
 - Integrated charts and maps*
 - Engine-indicating and crew-alerting system (EICAS)
 - Dual flight management system (FMS)
 - MultiScan weather radar
 - Integrated terrain awareness and warning system (iTAWS)
 - Traffic alert and collision avoidance system (TCAS II)
 - Automatic flight guidance system (AFGS)
 - Dual navigation and communication radios
- *Subscription required*

BRING IT ALL

Never compromise range or payload. The King Air 350i allows you to load up with full fuel, the pilot, seven passengers and their bags. With more than 5,000 pounds (2,267 kilograms) of useful load, there is no need to leave anyone or anything behind.

KING AIR 350i SPECIFICATIONS

INTERIOR DIMENSIONS

Cabin Height	57 in	1.45 m
Cabin Width	54 in	1.37 m
Cabin Length	19 ft 6 in	5.94 m
Internal Baggage Capacity	550 lb	479 kg
Wing Lockers Capacity	600 lb	272 kg

WEIGHTS

Max Takeoff Weight	15,000 lb	6,804 kg
Basic Operating Weight (1 Pilot)	9,955 lb	4,516 kg
Useful Load	5,145 lb	2,334 kg
Max Payload	2,545 lb	1,154 kg

MAXIMUM PASSENGERS

9

POWERPLANT

Manufacturer	Pratt & Whitney Canada	
Model	(2) PT6A-60A	
Power Output	1,050 shp	783 kW

PERFORMANCE

Takeoff Field Length (MTOW)	3,300 ft	1,006 m
Max Range (Ferry, LRC)	1,806 nm	3,345 km
Max Cruise Speed	312 ktas	578 km/h
Max Operating Altitude	35,000 ft	10,668 m

Performance data is based on standard conditions with zero wind. Field performance assumes a level, hard-surface, dry runway. Range is based on a ferry mission at LRC with NBAA IFR reserves.

SERVICE ANYTIME, ANYWHERE

With you as our focus, we are fully committed to servicing your King Air 350i. You can count on Textron Aviation to be by your side with superior parts availability, competitive pricing and a robust distribution system. The support you receive is always factory-direct and available for you 24 hours a day.

HIGHLIGHTS FROM OUR SERVICE NETWORK

- Textron Aviation has the farthest-reaching network of company-owned service centers.
- AOG support is just 1CALL away. Dial a single number for diagnostic expertise, mobile service units and airborne response to remote locations.
- Our parts inventory is 19 million strong, covering your aircraft from nose to tail.
- We ship 99.6 percent of parts in stock the same day you order them.

-  Textron Aviation Service Center
-  Mobile Service Unit (MSU)
-  Maintenance Line Station
-  Parts Distribution Center

THE WORLD'S LEADER IN AVIATION

We advance the market by leveraging the latest technology in our Beechcraft, Cessna® and Hawker® aircraft. These cornerstone brands account for more than half of all general aviation aircraft flying today.

We have delivered more than 250,000 aircraft, exceeding 150 million flight hours in over 170 countries. In the last five years, more than 10 new Textron Aviation products have been certified and delivered. We continue to lead the market with the widest-ranging offerings available to customers.

Our portfolio features Citation® aircraft, the world's best-selling business jets; King Air and Caravan® aircraft, both class-leading turboprops; and advanced piston aircraft for transport and efficient pilot training.
